A full service national drilling,
geotechnical and sampling technol-
ogy company, with divisional head-
quarters in central Florida, is looking
for 3 top-caliber individuals to assist
its aggressive consolidation and
growth plans. This company has 4
established divisions, with 2 in the
Western US and 2 in the SE US, and
a planned expansion on the Atlantic
coast.

Vice President, Eastern Operations

Reporting to the President/CEO, we
are seeking a senior operations
manager from the environmental
consulting/engineering or broader
drilling industries to lead our existing
Eastern Operations and drive the
planned growth and expansion.
Further regional expansion is
anticipated over the next 2-3 years.

The VP, Eastern Operations is
responsible for running the Eastern
divisions as discrete profit and loss
centers. As the organization's key
operational resource, the VP, Eastern
Operations will provide a leadership
role that emphasizes implementing
the strategic objectives of the compa-
ny, structuring the best operational
teams, growing the business revenue
and profits and driving the business
by forecasts and budgets.

Outside Sales, Florida Outside Sales, Southern Region

The mandate of the 2 Outside Sales
Reps is to develop and capture
regional business for the company's
various service lines. The OSRs will
become an expert at understanding
the company's range of technologies,
its equipment capabilities and
various crews and communicating
this information to prospective
clients. The OSRs will spend the
majority of his/her time in the field,
on job sites, with clients, at industry
events, etc., ensuring that the com-
pany is the most recognized and pre-
ferred technology and service
provider.

To apply, please call
604-669-3373 x 208 or
e-mail your resumé to
tony@kcinc.ca.

Island of Oahu

**Experienced Drillers and Drill Mechan-
ic** needed for Hawaii based drilling com-
pany. Water well, environmental, geo-
technical. Methods include top drive,
